

Photobooth Faces

Your kids can be whoever they want to be with photobooth faces. They could be a princess or a pirate, an astronaut or a unicorn.

What you'll need:

- Large piece of cardboard
- Scissors
- Colouring pens or pencils or paint

Our Step-by Step

STEP 1 Find a tall piece of cardboard and cut a hole near the top for their face to pop through.

STEP 2 Then, they can draw or paint whatever they want to transform into different characters.

STEP 3 Get creative, then take turns at snapping photos of each other in the photobooth.

Adult supervision is required.
