

Spinning Windmill

Windy days can be a lot of fun. Create a spinning windmill for the kids to see how fast it can go!

What you'll need:

- Square piece of paper
- Scissors
- Stick or paper straw
- Glue
- Pin

Our Step-by Step

STEP 1 Grab a piece of paper and a stick, follow the instructions above to cut and fold the paper windmill. Use a glue stick or tape to secure the windmill shape.

STEP 2 Pin the windmill onto the stick.

STEP 3 Let the kids head out into the garden and watch their new windmill spin and spin with the wind.

Adult supervision is required.
