

Bunny Golf

Make your own crazy golf course at home and see if your kids can hit a hole-in-one!

What you'll need:

- Cardboard box
- Scissors
- Coloured pens or pencils

Our Step-by Step

STEP 1 Cut a semi-circle into a cardboard box to make the hole.

STEP 2 Decorate the box however you want! For bunny golf, create cardboard bunny ears and paint a friendly face on the front of the box.

STEP 3 Get golfing! If you don't have a golf club, you can get the kids to try and roll balls into the box!

Adult supervision is required.
