

# Karaoke Night

Rock out at home with a family karaoke night. No equipment? No problem! Just grab your air guitar and craft your microphone.

## What you'll need:

- Empty toilet roll tube
- Small ball
- Tape
- Colouring pens or pencils

## Our Step-by Step

**STEP 1** Wrap the top of the tube around the ball and tape them together.

**STEP 2** Decorate the microphone to match your kids star appeal and make sure they practice their dance moves in front of the mirror to impress friends and family.
